- \* Wacky Week

May 22 – Jun 5 Theme:

All about me, getting to know each other and making friends

We will offer fun, silly, creative games and activities where your child will get to know his fellow peers and learn about self-awareness. Initial weeks are all about making new friends and feeling comfortable in a new environment.

Science Topic: The Human Body and Growth/Development

Fun activity: Label the Human, create silly name tags

Play: The jungle story

Children will create their own story and practice to perform on Aug 19<sup>th</sup>

Jun 8-12 Theme:

Heritage and Nationality- Who are we? Where do we come from?

National Flag Day is June 11<sup>th</sup>

This week students will explore the earth and discover the beauty of the human race by exploring continents and countries.

Kids are always fascinated by new places and new people to know more. We will ensure that they are having fun, while exploring this topic, and that they will be able to share lots of their new acquired knowledge after this week.

Science topic: Earth & Space

Fun activity: Origami, Create a family tree

Cooking class: Make bean burrito

Jun 15-19 Theme:

Inventions and creativity: Wow!!! What a grand idea!!!

Have you ever wondered what life would be like without electricity or computers? Well during this week we will explore some historical inventions and some fairly new creations that has made a huge impact in our lives and our history.

Science Topic: Electricity, magnets & force

Fun activity: Lego Creations, Drawing

Theater: Goldilocks and the 3 bears

**Jun 22-26 Theme:**

**Kings/ Knights and Queens/  
Princesses**

Students will learn about the histories of kings and queens and also the duties and responsibilities they have to uphold and manage in their kingdoms.

**Science topic: Light, color & sound**

**Fun activity: Make jewelry, swords,  
wands & crowns**

**Play: The jungle story**

**Jun 29 - Jul 3 Theme:**

**Explore America**

**Happy Birthday America!**

Declaration of Independence - who wrote and signed this very important document. We will learn about the importance and history of this document while celebrating with many Red, White and Blue activities.

**Science topic: Rocks & Minerals**

**Fun activity: Flower making**

**Cooking class: Make a fruit salad**

**Jul 6-10 Theme:**

**Hawaiian Island Fun**

**"Aloha "**

During Hawaiian week we will be having lots of fun learning about the Polynesian Culture and their Traditions. A Luau will conclude this week.

**Science topic: Plants & trees**

<http://www.123child.com>  
submitted by: Lori Wingate

This will be a fun week, we will be exploring and learning about the World's most Rainforest and its ecosystem. What animals and people live in the Rainforest? Why is it called a Rainforest? This week will be accompanied by many fun crafts and activities.

**Science topic: Mammals, Reptiles, Amphibians & Insects**

**Fun activity: fabric painting**

**Cooking class: Make taco**

**Jul 27-31 Theme:**

**Wild West Texas fun**  
Howdy Cowboys and Cowgirls

Have you ever wondered about the diversity of our home state? We will explore the different geographical areas you can find just within Texas. We will learn about the native animals and their habitat. We might just even learn to do some Country Western Dancing so be ready for the fun and action!

**Science topic: Trains, ships & planes**  
**Fun activity: Candle decorating**

**Theater: Goldilocks and the 3 bears**

**Aug 3-7 Theme:**

**Seven Wonders**

Students will be exploring the seven most amazing monuments of the world. Children will combine the knowledge and information obtained from week two to complete the travel around the world and its homeland treasures.

**Science topic: Weather**

**Fun activity: Let's build a coliseum**

**Aug 10-14 Theme:**

**Wacky Week**

Well Wacky Week will just be just that "Wacky". We will be dressing funny outfits and doing many wacky activities i.e. Crafts, dances and we will be creating wacky foods. Come join us to end our Camp series in a wacky week.

**Science topic: Weather**

**Fun activity: Clay work**  
**Cooking class: Make a sandwich**

**End of summer party**  
**Children will perform a play/theater**

Come join us for our fun filled summer program, where you can learn, explore and create your ideas and imagination. We will be working on fun science and art activities with a weekly theme to make it an adventurous learning experience.
